ENTERPRISE BENEFITS

MODERNIZE YOUR CONTACT CENTER & IMPROVE ACCESSIBILITY
Next Evolution IVR & Chatbots

Enable intelligent, natural, 2-way automated conversations with your audience in just **1 Day** without the limitations of a traditional question / answer format.

AUTOMATE ROUTINE & REPETITIVE INQUIRIES
24/7 Availability

Save more than **90%** in your contact center by delivering answers to routine & repetitive inquiries up to **6X** faster than traditional phone calls.

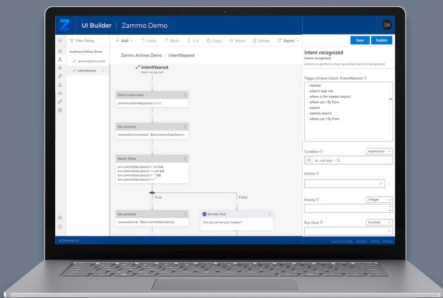

EXPAND & CONTROL YOUR BRAND ON VOICE
Enable Voice Assistants

Reach more than **1.83 billion** users already on voice and control what is heard about your organization on voice search.

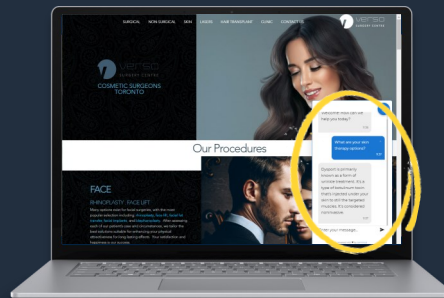

HOW ZAMMO WORKS

see video

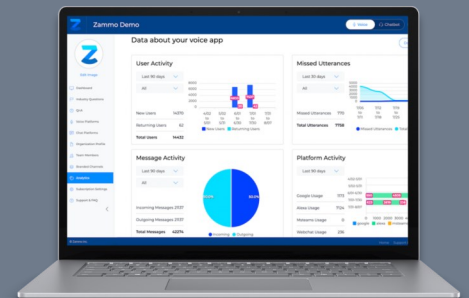

STEP 1

- ◆ Upload FAQ's and build conversational flows
- ◆ Easy no-code software with user-friendly editing

STEP 2

- ◆ Deploy an IVR or Chatbot to communicate with customers
- ◆ Enable Voice Assistants
 - amazon alexa
 - Google Assistant

STEP 3

- ◆ Review advanced analytics & produce intelligent insights
- ◆ Make data-driven decisions to improve conversational content

Best in class Chatbots, IVR AI augmentation, and Voice Assistant enablement.
